Principal's Message

On behalf of Chandrakona Vidyasagar Mahavidyalaya, I, Dr. Manoranjan Goswami heartily welcome you all. Chandrakona Vidyasagar Mahavidyalaya, named after the eminent educationist & social reformer Pandit Ishwar Chandra Vidyasagar was established in 1985. Our institution stands tall as the first college affiliated by Vidyasagar University that made its modest beginning with six General Degree courses in 1985 under the able guidance of Shri. Biman Mahato. In due course, our institution stretched its wings with the desire to expand its horizon in academics and steadily prepared itself for a long and steady flight. I am delighted to inform you that in the current academic session we are offering thirteen Honours courses and fifteen General courses.

Since its inception, our college has catered to the educational needs & requirements of the underprivileged sections of the society. Our students mostly come from rural areas, belong to economically weaker sections and are mostly first generation learners. A sizeable section of our student population is female. To support the needs of our student community and draw their attention towards education we regularly share information regarding various scholarships our government offers and facilitate their availment. The primary expectation of the students who enrol in our esteemed institution is to gain knowledge and access quality education at minimum expense. Our Administration, Teaching and Non-Teaching Staff are well aware of the strengths and weaknesses of our students and are always happy to extend their support for their betterment. Therefore, our college plays a crucial role in enabling access to quality education to young adults especially female students who dwell in far flung villages, hamlets & thorps of the neigh bouring areas surrounding Chandrakona Town. And we are committed to ful fil the expectations of our pupils by ensuring that they always have ready guidance at hand. We are particularly happy to support the education of students who excel in cultural activities and sports. These small measures help us nurture budding talents first hand and gives us the opportunity to personally oversee the all around development of such gifted learners.

We are putting our best efforts forward despite the extraordinary situation we all are in by ensuring that our students get a taste of the outside world by regularly conducting online talks, cultural programmes, discussions, workshops, webinars apart from online classes. These novel ventures are not only helping our students to gain first hand access, giving them an opportunity to interact with eminent personalities in academics, share some time outside classroom interactions but are also familiarising them with the advantages of the virtual world.

We are particularly proud of our rich cultural heritage, our diverse student base and the manner in which we enable inclusive learning in these testing times. Hopefully, in near future we will be signing MoU's with other institutions to promote knowledge sharing as well to work towards the preservation of our unique cultural and traditional heritage.

Our sole motto is to unwaveringly work towards the overall well-being of our students; help them build bright careers and balanced professional lives as well as to contribute to the social and cultural betterment of our town. We train our pupils not only for highly rewarding futures by providing them the right kind of exposure but also shape them into responsible, ethical and caring citizens through rigorous training and continuous monitoring.

The overall well-being and wholistic development our students is our first priority.

I and my team at Chandrakona Vidyasagar Mahavidyalaya are always happy to address your queries. Please feel free to get in touch with us. You can reach us at: grievance.redressal@chandrakonavm.ac.in or call for assistance or query on 91+ 8653030079 (Monday to Friday between 10:30 am to 5pm).

ii. Choice Based Credit System (CBCS): The CBCS provides choice for students to select from the prescribed courses (Core, Elective or soft skill courses).

iii. Course: Usually referred to as 'papers' is a component of programme. All courses need not carry the same weight. The course should define learning objectives and learning outcomes. A course may be designed to include lectures/tutorials/laboratory work/field work/outreach activities/project work/ vocational training/ viva/ seminars/ term papers/assignments/presentations/self study, etc. or a combination of some of these.

iv. Credit Based Semester System (CBSS): Under the CBSS, the requirement for awarding Degree or diploma or certificates is prescribed in terms of number of credits to be completed by the students.

v. Credit Point: It is the product of grade points and number of credits to be completed by the students.

vi. Credit: A unit by which the course work is measured. It determines the number of hours of instructions required per week. One credit is equivalent to one hour of teaching (lecture or tutorial) or two hours of practical work/ field work per week.

vii. Cumulative Grade Point Average (CGPA): It is a measure of overall cumulative performance of a students' over all semesters. The CGPA is the ratio of total credit points secured by a student in various courses in all semesters and the sum of the total credits of all courses in all the semesters. It is expressed up to two decimal points.

viii. Grade Point: It is a numerical grade allotted to each letter grade on a 10-point scale.

ix. Letter Grade: It is an index of the performance of the students in a said course. Grade are denoted by letters 0,A+,A,B+,B,C,P and F.

x. Programme: An educational programme leads to award of a Degree or Diploma or Certificate.

xi. Semester: Each semester consists of 15-18 weeks of academic year equivalent to 90 actual teaching days. The odd semester may be scheduled from July to December and even semester from January to June.

xii. Semester Grade Point Average (SGPA): It is a measure of performance of a student in a semester. It is the ratio of total credit points secured by a student in various courses of a semester and the course credits taken during that semester. It shall be expressed up to two decimal points.

xiii. Transcript or Grade Card or Certificate: Based on the grade earned, a grade certificate shall be issued after every semester. The grade certificate will display the course details (code, title, marks, letter grade, number of crits, grade secured) along with SGPA and CGPA where applicable.

Courses under Choice Based Credit System (CBCS):

Under the design of "Choice Based Credit System (CBCS)" the curriculum has been moulded into three tier structure with following types of courses to be offered:

i. **Core Course (CC):** A course, which should compulsorily be studied by a candidate as core requirement, is termed as a Core Course. For Honours courses there will be 14 core courses and for General courses, there will be **12** core courses.

ii. **Elective Course:** Generally, a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline / subject of study or which provides an extended scope or which enables an exposure to some other discipline / subject/ domain or nurtures the candidates proficiency/ skill is called elective Course.

iii. **Discipline Specific Elective (DSE) course:** Elective courses which may be offered by the main discipline / subjects of study is referred to as Discipline

Specific Elective (DSE)**.** For Honours and General Course 4 DSE courses are to taken out of a pool given for the different semester courses. Further it may include an elective course designed to acquire special/advanced knowledge, such as supplement study / support study to a project work and a candidate can study such a course called dissertation / Project on his or her own choice with an advisory support by a teacher / faculty member.

iv. **Generic Elective (GE) Course:** An elective course chosen generally from a non-related discipline / subjects, with an intention to seek exposure is called a Generic Elective. A core course offered in a discipline / subject may be treated as an elective by other discipline/ subject and vice-versa and as such electives may also be referred to as Generic Elective. For Honours course 4(four) Generic Elective Courses are to be taken from the list of Generic Elective papers and for General courses (only for BA/B Com), 2(two) Generic Elective are to be taken from the list of Generic Elective Papers.

v. **Ability Enhancement Course (AEC):** The Ability Enhancement Course (AEC) may be of two kinds: Ability Enhancement Compulsory Courses (AECC) and Skill Enhancement Course (SEC).

a. **Ability Enhancement Compulsory Course (AECC):** AECC elective courses are the courses which are based upon the contents lead to knowledge enhancement. I) English /MIL, ii) Environmental Studies. These are mandatory for both Honours and General Courses. These courses will generally be of **2** credits except environmental studies which is of **4** credits. AECC Core: AECC Core courses are meant for only

General (BA/B Com) courses. These courses will generally be of **6** credit courses.

---

b. The main purpose of these courses is to provide students life skills in hands on mode so as to increase their employability. Minimum **2** for Honours and **4** for General courses are to be taken.
